SWEET APPLE CIDER, at 50c,

13th. Those who have been so for-"Hazel Kirke," as produced by the Madison Square Theatre Company, must feel a fiatural curiosity to see the drama which is universally conceded to be the successor and rival of the former great play. The remarkable success which attended the production of "Esmeralda" in New York would indicate that New York, would indicate that pop-ular favor has stamped the latter play as worthy to take the place of "Hazel Kirke." The critical audi-ences of New York have united in highly commending "Esmeralda" as an original and intensely interest-ing dramatic work. Our citizens will soon have the opportunity of forming their own opinions, since the play is to be produced here with appropriate scenic appointments.
